

U.S. Patent Appl. S/N 09/844,051

Attorney Docket No. 2001B035

REMARKS**Interview Summary**

Applicants appreciate the opportunity to interview this application with the Examiner on May 15, 2003. The discussion centered around use of the phrases "essentially no" or "substantially no" to describe the presence of sulfided hydrogenation metal in claim 1 of the present invention. No agreement was reached.

Status of Claims

Claims 4 through 16 presently stand rejected. Claim 17 is added by amendment herein to reinstate claim 4 as originally presented.

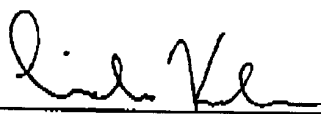

Applicants respectfully reiterate the arguments provided in Applicants' response filed March 12, 2003 and respectfully submit that all pending claims patentably define Applicants' invention. Allowance of the application is earnestly solicited.

CONCLUSION

Should the Examiner have any further comments or questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.
